Dear Chairman Cole and Ranking Member DeLauro,

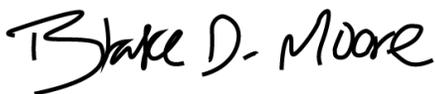

I am requesting funding for the Bothwell, Utah Water Infrastructure project in fiscal year 2026. The entity to receive funding for this project is the Bear River Water Conservancy District. The funding would be used to increase pipe diameter parallel to existing lines, install new water lines, and construct a water storage tanks, greatly improving the district's delivery capacity.

The investment in the Bothwell, Utah Water Infrastructure project represents a valuable use of taxpayer funds because although the district has adequate water supply to meet population growth, its infrastructure is at capacity and unable to meet the future demand in Box Elder County.

This project has a Federal nexus because it is for purposes authorized in 42 U.S.C. Section 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Rep. Blake D. Moore
Member of Congress
