Dear Chairman Cole and Ranking Member DeLauro,

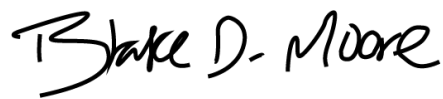

I am requesting funding for the Bear Lake Special Service District for Bear Lake East Shore Sewer Expansion project in fiscal year 2027. The entity to receive funding for this project is Bear Lake Special Service District. The funding would be used to extend centralized wastewater service along the east shore of Bear Lake, providing collection, conveyance, and treatment infrastructure to replace current septic systems.

The investment in the Bear Lake Special Service District for Bear Lake East Shore Sewer Expansion project represents a valuable use of taxpayer funds because it proactively preserves the lake's beauty and quality, safeguards the surrounding ecosystem, and supports robust economic development in the Bear Lake Valley.

This project has a Federal nexus because it is for purposes authorized in Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Congressman Blake D. Moore (UT-01)
Member of Congress
