Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
H-307 The Capitol
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

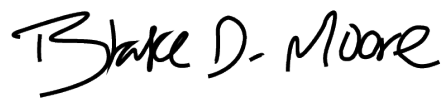

I am requesting funding for the Hooper, Utah Wastewater Infrastructure project in fiscal year 2027. The entity to receive funding for this project is Hooper City. The funding would be used to expand wastewater infrastructure and resources, including two lift mains and a sewer force main, in the cities of Hooper and West Point.

The investment in the Hooper, Utah Wastewater Infrastructure project represents a valuable use of taxpayer funds because it enhances the treatment of residential wastewater and avoids future installation, maintenance, and the failures of septic systems. These improvements directly support residential housing and commercial development, providing vital housing access and economic benefits.

This project has a Federal nexus because it is for purposes authorized in Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Congressman Blake D. Moore (UT-01)
Member of Congress
