House Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro,

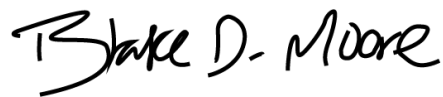

I am requesting funding for the Laketown, Utah Municipal Well project in fiscal year 2027. The entity to receive funding for this project is Town of Laketown. The funding would be used to develop a municipal well to provide a redundant source of culinary water and comply with state requirements for communities with more than 100 residences.

The investment in the Laketown, Utah Municipal Well project represents a valuable use of taxpayer funds because it helps preserve the long-term viability of a rural community by supporting essential drinking water infrastructure while ensuring that the cost of compliance with public health standards is not borne solely by a small group of residents.

This project has a Federal nexus because it is for purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

---
