The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
H-307 The Capitol  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

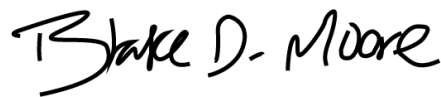

I am requesting funding for the Weber Basin Water Conservancy District Emergency Generator project in fiscal year 2027. The entity to receive funding for this project is Weber Basin Water Conservancy District. The funding would be used to install two emergency generators at two culinary water wells.

The investment in the Weber Basin Water Conservancy District Emergency Generator project represents a valuable use of taxpayer funds because it provides a long-term infrastructure solution that protects vital services, reduce risk, and avoid future emergency expenditures.

This project has a Federal nexus because it is for purposes authorized in section 203 of the Stafford Act (42 U.S.C. 5133), as amended by Section 1234, National Public Infrastructure Pre-Disaster Hazard Mitigation, of the Disaster Recovery Reform Act (DRRA) of 2018.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

---
