Dear Chairman Cole and Ranking Member DeLauro,

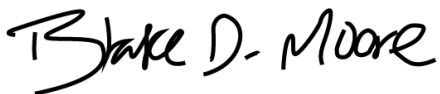

I am requesting funding for the North Ogden, Utah Community Detention Pond project in fiscal year 2026. The entity to receive funding for this project is North Ogden City, located at 505 E 2600 N, North Ogden, UT 84414. The funding would be used to mitigate flood risk and improve stormwater management in a growing residential area.

The investment in the North Ogden City, Utah Community Detention Pond project represents a valuable use of taxpayer funds because the construction of a community detention pond is designed to mitigate flood risk and improve stormwater management in a growing residential area. The project will include an attached public park, offering recreational amenities such as walking trails, open green space, and picnic areas. This dual-purpose infrastructure will enhance community resilience and quality of life.

The project has a federal nexus as defined in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Rep. Blake D. Moore
Member of Congress
