Dear Chairman Cole and Ranking Member DeLauro,

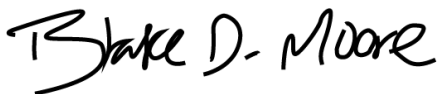

I am requesting funding for the Utah Hill Air Force Base Culinary Vault Rehabilitation project in fiscal year 2026. The entity to receive funding for this project is Weber Basin Water Conservancy District. The funding would be used to rehabilitate the culinary vault and is a critical infrastructure project that directly supports the health, safety, and resilience of northern Utah's water supply system.

The investment in the Utah Hill Air Force Base Culinary Vault Rehabilitation project represents a valuable use of taxpayer funds because it centers on the reconstruction of a key culinary water vault that functions as a major distribution hub within the District's system and directly serve Hill Air Force Base.

The project has a federal nexus because the funding provided is for purposes authorized by the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Rep. Blake D. Moore
Member of Congress
