The Honorable Kay Granger
Chairwoman
House Committee on Appropriations
H-307 The Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for Hill Air Force Base Water Towers in fiscal year 2024. The entity to receive funding for this project is the Military Installation Development Authority, located at 450 Simmons Way, Suite 400 Kaysville, Utah 84037. The funding would be used for to construct and complete two new 500,000-gallon water tanks. The project is an appropriate use of taxpayer funds because it will have a multiplying effect as more is developed in the Enhanced Use Lease (EUL). Historically, the HAFB water system has provided the necessary storage to support the fire flows for new development on Falcon Hill. However, they are not able to support new Falcon Hill development as well as their own base development needs. Furthermore, resources at the municipal water district are strained, and they do not allow other entities to 'float' off their supply for fire flow protection. Falcon Hill must be enabled to support its own water storage to fulfill fire flow requirements.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(1). Specifically, it will fund the acquisition of an easement on the real property where the water tanks will be located for the provision of public works, facilities, and improvements..

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Blake Moore
Member of Congress
