The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for UTA's Electric Bus Implementation in fiscal year 2024. The entity to receive funding for this project is Utah Transit Authority, located at 669 West 200 South Salt Lake City, UT 84101. The funding would be used for the development of five additional on-route bus charging stations to support UTA's new electric bus fleet. The project is an appropriate use of taxpayer funds because The Wasatch Front is one of the most rapidly growing regions in the country. To mitigate the air quality, traffic congestion, and quality of life impacts of this growth, innovative transportation solutions are critical. Electric buses supported by this project's charging infrastructure will serve high ridership corridors in underserved areas.

The project has a Federal nexus because the funding provided is for purposes authorized by Congress in 49 USC section 5339 (c).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Blake Moore
Member of Congress
